The image features three large, ornate green metal containers filled with various spices. The containers are decorated with intricate, colorful patterns in blue, red, and white. The left container is filled with a brown, granular spice. The middle container is filled with whole, light-brown almonds. The right container is filled with a green, leafy herb. In the foreground, several small, shallow, terracotta bowls are arranged, containing different types of spices, including what appears to be cardamom pods and other aromatic seeds.

Los Naranjos, Marbella  
6,532 metres, par 72, green fee  
from EUR 80

An der «Costa del Golf» gibt's über 50 Plätze. Aber nur wenige sind so gut gepflegt wie Los Naranjos. Auch im Hochsommer puttet man auf perfekten, riesigen Greens. Der Platz von Trent Jones Senior ist hügelig: Man sollte sich also einen Golfcar gönnen.

The «Costa del Golf» is home to over 50 courses, but few of them are as well tended as Los Naranjos. Even in high summer, the spacious greens offer perfect putting surfaces. The Trent Jones Senior creation is a hilly undertaking, though, so treat yourself to a golf cart.

The hotel stands right on the beach and has an adults-only policy. A poolside DJ, mojito massages and spa parties are all on the programme. There's a cool food concept as well, with tapas in the house and top cuisine at the starred Messina restaurant right next door.

## Gourmet tip

**Puente Romano, Marbella**  
**Platzhirsch in Marbella? DC alias Dani Garcia.** Er führt das beste von 14 (!) Restaurants im 5-Sterne-Hotel Puente Romano. Der Musterschüler von Martin Bersategui interpretiert die andalusische Küche neu, richtet begeisternd an. Auch der Guide Michelin ist beeindruckt und verleiht Garcia einen dritten Stern.

DC – Dani Garcia – is Marbella's top culinary address. Dani runs the best of the 14 (!) restaurants at the five-star Puente Romano hotel. A star pupil of Martin Bersategui, Dani offers a fresh new take on Andalusian cuisine that produces some truly enthralling creations. The Guide Michelin thinks so, too: It has awarded Dani a third Michelin star.

## Test drive Bunkers in the orange groves

Ein Blick in den Golfcart sagt mehr als viele Worte: Touchpad, Distanzmesser, Lochbeschreibung, elektronische Scorekarte, Kühlbox mit Drinks. In Los Naranjos in Marbella (40 Kilometer vom Flughafen Malaga entfernt) kümmert man sich um seine Kunden; für eine korrekte Greenfee gibt's fünf angenehme Golfstunden mitten im Orangenhain. Designer ist Altmeister Robert Trent Jones Senior. Und Clubbotschafter ist Peter Hanson, der schon für Team Europa Ryder Cup gespielt hat. Besondere Merkmale: hügelige Anlage, ziemlich grosse Greens, breite Fairways, strategisch geschickt gesetzte Bunker. Los Naranjos wurde bereits zweimal zum Course of the Year an der Costa del Sol gewählt. Der Golfclub hat auch ein neues Clubhaus.

Im neuen Amarè Beach Hotel sind Golfbags willkommen und Lifestyle ist angesagt: DJ am Pool, Rooftop-Bar mit 360-Grad-Panoramansicht bei erstklassiger Lage direkt am Strand.

A glance into the golf cart can say a thousand words: touchpad, distance calculator, hole descriptions, electronic scorecard and a cooler stocked with drinks. At Los Naranjos in Marbella, close to Puerto Banús, they really look after their guests. And the convenient green fees give you five very pleasant hours of golfing amid the orange groves.

The course's designer was none other than the legendary Robert Trent Jones Senior. And the current club ambassador is a familiar name, too: Peter Hanson, who has played for Team Europe in the Ryder Cup. The course itself is a hilly affair, with generous greens, broad fairways and cleverly placed bunkers. Los Naranjos has also been named Course of the Year on the Costa del Sol on two occasions to date. And there's a new clubhouse, too.

The new Amarè Beach Hotel in Marbella welcomes golf bags. With its pool DJ and its 360-degree-panorama rooftop bar it's excellently located, too, directly on the beach.
